

Clerks Report April 2020

Audit 19/20

The uncertainty around the audit arrangements continues but I have arranged with Gordon Tutton (our internal auditor) to drop off the info to him so we can get that piece of work completed. However, I still haven't received any bank statements so can't reconcile the end of the year figures. Malcolm and I have signed up for online access so hopefully this will be rectified soon.

Virtual Meetings

As you know we are only required to hold 4 meetings per year, one of which should be the Annual Meeting. However, the new legislation allows us to postpone the May Annual Meeting until May 2021 and we can hold virtual meetings through an amendment to our Standing Orders. We can hold the Annual Meeting earlier if we prefer and we can make that decision once we know more about the continuation of restrictions.

Fishbourne Lane Speed Sign

I understand the sign has been checked and is working correctly.

Bins on the Lower Green

There is no further progress on the relocation, and we are yet to receive the invoice which will be the first step. I have emailed Dave Wallis regarding cancelling the dog waste bin that Island Roads keep trying to install and have asked for a timescale on the litter bins.
