

## **Clerks Report May 2020**

### Bins and Boards

Island Roads do not seem too busy at the moment and that has worked in our favour as the bins on the Lower Green have been moved and the Elenors Grove notice board has been successfully relocated. I am waiting for a quote for replacement Perspex for the board, as it is impossible to see inside at present. The licence for the dilapidated board in Fishbourne Lane will be completed this week and I understand Cllr Talbot may have news on possible refurbishment.

### Website

There has been initial discussion on types of layout, and we will be given a number of options to review in the near future. The new site will run in the background until we sign it off so there will be continuity.

### Parking on the Lower Green

The revised cost is awaited but even when agreed the consultation may be put back a number of months due to the current crisis.

### Bank

The inability to get a bank statement sent to my home address rumbles on.....I did manage to get a statement from the local branch to cover the end of the financial year, but April's have not materialised, despite two lengthy visits to the Newport branch. I shall try again.....

### Meetings

The advice from NALC, not to hold meetings in person, remain current.
