

## Chairman's Report – Fishbourne Parish Council 14 May 2020

George Jenkins – A report has been received that GJ changed tractor units in Fishbourne Lane on Monday last at 13:45. We reported this to the police some 18 months ago and after a visit from a police officer the practice stopped. I was going to make a complaint to the police on Tuesday but I think this was rash and we should ask the Clerk to report it on behalf of the Council.

Ashlake Cope Lane – I intended to visit the lane to investigate the state outside of the new development. Sadly, due to one or two personal issues I have failed in this duty – but I would like to discuss if we should request that the planning enforcement officer visit and consider a notice under section ??? requiring the site to be tidied up.

Malcolm Hector

Chairman, Fishbourne Parish Council
