

Chairman's Report – Fishbourne Parish Council 11th March 2021

Parking opposite Fishbourne Garage – I am not a fan of installing parking charges for this short stretch and this could not be justified on financial grounds. An interesting proposal but I don't think it will happen.

Parking Lower Green – Hopefully this will start to progress in the next few months, we need to gently keep the pressure on to stop it from stalling.

Wightlink History – There was a late reply from Wightlink but they had no objections to the article and indeed some of the staff were very interested in the history of the ferry route.

Meetings – From May we will return to the RVYC for meetings if possible. It would be wise to make enquiries over the use of the Club. Also when we might be able to resume Tuesday morning surgeries.

Malcolm Hector

Chairman, Fishbourne Parish Council
